General Information

This report is to be used in conjunction with Report 694A to calculate the proposed tax rates for multiple budget types.

County auditors will fill in line A of this report before sending it to taxing entities.

Instructions

Line A – Adjusted Sum of Valuation
Enter the amount from line 5 of Report 694A.

Column 1 – Fund/Budget Type
Enter the type of levy being proposed (e.g., basic, general debt service, tort liability, etc.)

Column 2 – Budgeted Revenue
Enter the amount of budgeted property tax revenue from Report 693.

Column 3 – Proposed Tax Rate
Divide the revenue in column 2 by the value in line A and enter the result here. This calculation should be carried out six decimal places.

Line B – Total Budgeted Revenue
Add the amounts in column 2 and enter the total here.

Line C – Total Proposed Tax Rate
Add the amounts in column 3 and enter the total here. This calculation should be carried out six decimal places.

Verification

County auditors verify the data on the form; it is not returned to the State Tax Commission.
